SUPERSEX WITH AMAZONS!

Deep in the Amazons impenetrable jungle lies a little whorehouse. You can only get there by boat and even though it is a very long journey it is well worth the effort. You will find some extremely beautiful Amazon that you can screw for only $10 a girl.

Remember a condom its 6 hours to the nearest chemist.

The humidity is up around 100 the temperature swings between 35 and 37 degrees and you are close to drowning in your own sweat. You look down at the Rio Negro's murky brown water. A short while before you were seriously thinking of taking a dip in the water. The temptation is big but fortunately common sense and the small irritation of Piranhas wins the day.

Unfortunately the Amazon is the world's most boring jungle. There are no elephants, hippos or huge herds of antelopes. The only place where there is any sign of life or action is deep down in the brown river where all the living creatures try to overcome each other with formidable teeth and fiery temperaments. Eventually you call for your guide Alfredo and ask him to show you something a little more amusing. This is what he is known for.
Just under an hour later the boat's anchor is cast out into the middle of a deserted riverbank. We wade into the shore and straight away see how the undergrowth rumbles.

First of all a light brown girl pops up into the light. Immediately after two friends appear, just as delightful as the first.

They wave and we follow them up the bank and into the jungle.

A few minutes later we are standing in front of a wooden house. Because of all the insects and small creature of the jungle the whole building is set on poles a few feet above the floor of the jungle. Under the house chickens are scrabbling in the dirt and on the veranda a floppy eared dog gazes lazily at us.
It doesn't look like much but our guide assures us that this is the most interesting house in the whole of the Amazon. We clatter up the steps and step into the house. It is Spartan in décor and everything is built from materials from the forest. While we look around the girls come into the lounge. They are all dressed in cotton skirts of warm bright colours.

We sit down at a long wooden table and served a far from ice cold can of beer while the girls get themselves ready.
I hope that we can give you all that you desire from us, says 19 yr. old Maria. While she smiles as she stands in front of us and lets her thin skirt fall down to her ankles. She is naked and incredibly beautiful.

Maria explains the house rules quickly. And they couldn't be simpler. We can do whatever we wish as long as it is with a condom. And the price is so low it is not worth thinking about.

Today there are three girls at work. There are 18 yr. old Juliana, 24 yr. old Alexandra

and of course Maria that is standing in front of us naked and fabulous.

This little whorehouse in the jungle is nothing less than a dream. It is beautifully situated with a fabulous view over the mighty Rio Negro and the surroundings are like something out of an adventure book for jungle lovers.

There is only one problem when you visit Maria and her mates. The house lies some hours sailing northeast from Manaus and the Rio Negro is the only route open between here and civilisation.

Our expeditions started two days before in the 5 star ”Hotel Tropical” in Manaus which is a starting point for all the many boats that make day trips for all the tourists and other good people who wish to go deep into the Amazon. This is where we heard of a man that was better than all the other guides, skippers and all the swindlers. This was little Alfredo, easily recognised because of his huge moustache.

Like Kipling’s Mowgli he grew up deep in the primeval forest. His foster parents weren’t a pack of wolves but a tribe of Indians that found the little lad on a riverbank in the middle of the crocodiles and snakes.

Years past by and little Alfredo grew up left the Indians and sought his luck amongst

his own people. He met a rich man called Carlos who saw opportunities for Alfredo and made him chief guide for his fleet of tourist boats.
And Alfredo is the only one who can help you if you want to go deep into the Amazon and experience some of the jungles best kept secrets. Alfredo is definitely the only guide who can blend a wild-life expedition of jaguars and pumas with a juicy orgy with the jungle brothel's wild cats. Another plus with having Alfredo as a guide is that he is an excellent bargainer and will do all that he can to get you a good price from the girls.

If you let Alfredo do the economic haggling then you will pay about 10real or roughly $10 every time you screw one of the girls. And that is cheap for Brazil where girl's favours can be extremely expensive. As an extra the girls will also do everything that you ask.

They love to do it with fair skinned northerners and if you are one of the lucky ones with blue yes then the girls will go wild with you.

Just a couple of things that are worth mentioning so you can be prepared. Ant cream is a good buy and a large stock of condoms because the girls in the little whorehouse have probably ran out of them and it is at least 6 hours by boat to the nearest chemist.
